Syllabus: About this class

1. How do you get points?
 - Make-up work?
2. What are the expectations?
 - ** Large classes need stronger expectations **
3. Need past quarters?
4. What other questions do you have?

Sep 7-7:09 AM

What's an **ATOM** like?

proton *neutron* *electron*

Where are they in the atom?

Which ones have a "charge"? What kind?

With the other people at your table, use the whiteboard to come up with a ***GROUP*** answer to this question. Make a diagram!

(Don't worry if it's right / wrong, just take a guess!)

Jan 31-7:19 AM

What did we get?

What's an **ATOM** like?

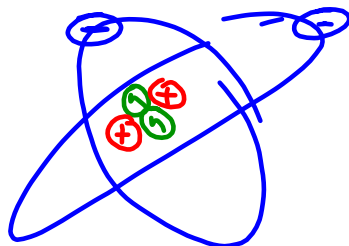

proton
POSITIVE +

neutron
NEUTRAL

electron
NEGATIVE -

Where are they in the atom?

Which ones have a "charge"? What kind?

Why do we care???

Electricity and Magnetism!

Jan 31-7:26 AM

Summarize:

What are the parts of the atom, where are they, and what kind of charge do they have?

- In your own words
- Full sentences

Sep 7-7:12 AM
